

TARGETED SPRAY
SCRUB TECHNOLOGY.

On board chemical injection results in
4x faster cleaning with the JET3.

Spray On Demand

The low water, easy dose system with super concentrate chemicals means you never overuse or waste solution.

Solution is delivered through the high pressure pump directly to the scrubbing head, breaking down dirt and grime.

Image opposite shows JET3 Machine cleaning with the Red Stair Brush.

Outstanding cleaning results.

Controlled jet stream for enhanced cleaning efficiency.

With it's compact size and added spray function, JET3 allows you to deep clean and release ingrained dirt from any surface.

JET3 KIT FEATURES

-  On demand spray
-  Reduce chemical usage
-  Battery operated
-  Deep clean the tightest spaces

Robust and Reliable

Boasting forged alloy gears and a high impact, glass filled nylon casing, the JET3 is built for years of trouble free use.

Backpack Technology

3.5 hour runtime allows the user to clean anywhere. Fully adjustable and lightweight, the padded backpack fits any user.

The JET3 comes with a 1 Litre / 0.21 gal bottle for your solution, which can be easily removed for quick refilling.
